La casa de mis sueños

Write about your house or a house you dream of having someday using vocabulary from Chapter 2 - **La casa de mis sueños**.

**** Writing Strategy** – Always remember that when you write in the early stages of foreign language learning you have to stick to what you know how to say. Even though you may only be able to write a little, you have to give your writing some order.

One type of ordering is called “spatial ordering.” This means that you will describe things as they actually appear from left to right, front to back, or top to bottom. You may wish to use special ordering for the topic you will now write about.

Prewrite: Here are some suggestions to help you organize your writing.

Draw a sketch of your dream house. Include the outside in the rooms on the inside. You will refer to this as a visual aid to organize your writing. Ask yourself, ¿Cómo es?

Think of adjectives to describe your house. Begin with the outside. You may want to use the expressions *delante de*, *detrás de*, and *al lado de* with *hay*.

Then move inside your house. Make a list of the rooms. Go from room to room in a logical order. Think of words to use to describe each room. Include the furniture in each room.
