Welcome to Spanish class!  
Get ready to have some fun.

This year Grade 3 will begin working in the *Así se dice* textbook in Spanish. We will learn numbers, greetings, telling time, weather, and more.

You can prepare for class by completing your homework and practicing the new vocabulary. Be ready to speak, listen, read, and write in Spanish. The best way to learn Spanish is to use it!

### How to know how you are doing in Spanish:

1

#### ASSIGNMENTS

Do you complete assignments on time? Do you ask for help?

2

#### EFFORT

Do you work to understand the new skills and give good effort?

3

#### ASSESSMENTS

How are you doing on graded assignments? How can you prepare differently?

3rd grade will have Spanish on Thursdays this year. Homework will include 1-2 assignments or vocabulary activities due each week. If you give your best effort on homework and ask for help if you get confused, you will learn a lot of Spanish this year!

### HOW TO LEARN VOCABULARY

1. Make a memory sheet by folding a piece of paper in half vertically. On the front flap, write the Spanish word. On the inside, write the English translation and quiz yourself by lifting the flap.
2. Write hard words (and their English translations) five times each. Make sure to spell them correctly!
3. Make a set of flashcards so you can study on the go.
4. Tape your vocabulary list in a place where you will see it often. Try putting it on your desk at home or even on your bathroom mirror so you see it in the morning when you brush your teeth.
5. Use an online study tool like Quizlet to make digital flashcards and play memory games. There's even an app you can use when you don't have access to a computer. (Ask your parents first.)
