

¡Bienvenidos a la clase de Español!

Dear Parents,

Welcome back to Spanish class! We are going to do so many fun and exciting things in Spanish this year. Our classes will practice speaking, reading, writing, and listening in Spanish. We will also explore culture, including music, traditions, and faith. There are 21 countries with Spanish as their official language - that gives us an almost endless list of fun things to learn and do. Did you know that 500 million people in the world speak Spanish? 50 million of them live in the United States. What a helpful language to learn! ¡Vamos!

This year students will need the following supplies for Spanish:

- 3-ring binder
- 2 tabbed dividers with pockets
- loose leaf paper
- red pen, pencil and eraser
- 2 sheet protectors

Last year, students in grade 3 worked on the *Preliminar* chapter in the *Así se dice* textbook :

Preliminar
 numbers
 days and months
 seasons
 greetings
 telling time

After reviewing what we learned last year, students in grade 4 will begin with Chapter 1 (the verb *ser*, adjectives, question words, definite articles, and indefinite articles). After Christmas, we will look at the Mass in Spanish using some of the prayers and vocabulary we have already learned before beginning Chapter 2 (home vocabulary, family vocabulary, the verb *tener*, possessive adjectives, and position words).

You can keep up with what we are doing in class by visiting our class website or checking the homework page on the school website:
