

Vamos a escribir 1 C1
¿Adivina quién?

Escribe. Write about a classmate.

1. Think of a classmate, but don't write their name.

2. Write some adjectives that can describe him or her.

3. Now write 4-5 sentences about your classmate using the information you listed above and the verb *ser*. You can include physical characteristics and a description of their personality to give clues about the classmate you chose. You may only use vocabulary from Preliminar and Chapter 1. You may not use an online translator. You may not use any words to describe your classmate that are not in your vocabulary lists.

4. In color, draw a picture of the classmate you described on the back of this page. Be sure NOT to write down who it is! (Try not to let any of your classmates see the picture you drew. We will play a game with these next week in class.)
